BYE-LAWS.

I. A rate not exceeding five per cent. per annum on the annual rents of all houses in Mussoorie and its vicinity, payable in advance on the 1st October, commencing 1840, shall be levied for 1841, and for future years, for the purpose of repairing, widening, fencing and improving the roads of the Settlement, and for other purposes hereinafter specified ; and the fund thereby raised, shall be under the management of a Committee, to be denominated the Committee of Roads, and Bye-Laws of Mussoorie and its vicinity.

II. The Committee to be composed of not less than five, or more than seven Members, with a Secretary, being Registered Proprietors of Houses. The Committee is empowered to nominate a Chairman and Treasurer from amongst their own number, and appoint their Secretary, such Secretary being a Registered House Proprietor and not a Member of the Committee. A majority of the Committee shall form a quorum, and when the suffrages are equal, the Chairman shall have a casting vote.

III. The Committee to be chosen by the votes of Registered Proprietors of Houses on the last Saturday in the month of May every year, the meeting to be held at Mussoorie, and to be called

by the Secretary of the Committee six weeks before, by advertisement in the Mofussil papers, for that purpose, and for the purpose of recording reports of past proceedings, passing accounts, and considering the measures most necessary to be undertaken by the new Committee.

IV. Any vacancy occurring in the Committee between the Annual General Meeting, which reduces the number below five, to be filled up by the votes of the remaining Members of the Committee.

V. Should the Committee consider it necessary to lay any matter before the Proprietors, or should any four Registered Proprietors request a meeting, the meeting to be called by the Secretary, by letter sent to all the Resident Proprietors informing them of the object thereof.

VI. A Registered Proprietor is entitled to vote by proxy, but no voter to have at any meeting, in virtue of general proxy, the command of more than four votes, including his own.

VII. The proprietor of a house being registered paying the rate on rupees 400, to have one vote at all Meetings, and of a house or houses paying the rate on rupees 2,000, to have two votes, and on rupees 8,000 or more, three votes.

VIII. All houses from the Gorge above Raj-poor to Budraj inclusive, all houses on either side of the main roads in that direction, to be considered as in Mussoorie and its vicinity, and consequently liable to pay the rate; the neck of land generally known as the Grand Parade, and dividing Mussoorie from Landour, to be considered as the boundary to the north-east.

IX. The Committee to have the power of assessing houses, and should any Proprietor consider himself over-assessed, the subject to be referred, either personally or by letter, to the next General Meeting of Proprietors, whose decision shall be final: and an Agent or Tenant shall be empowered, on application from the Committee, to deduct from the rent due to a Proprietor any sum remaining due on account of the rate: and, upon the application of the Committee, through the Secretary, to any Magistrate or Justice of the Peace, such Magistrate, or Justice, shall be authorized to exercise the same power for levying the rate, which may be due from any defaulter as are specified in Act II. of 1839, inasmuch as that Act relates to the levy of such sum by distress, sale of the goods and chattels belonging to the person from whom the rate is due.

X. No Registered Proprietor to be allowed to vote at any Meeting, unless the rate at which his property has been assessed for the year has been paid.

XI. No Proprietor to be entitled to vote at any Meeting in virtue of a purchase until after registry of his purchase.

XII. A Register of estates and assessment shall be kept at the Superintendent's Office; and the Secretary to the Committee of Registered Proprietors, shall be bound to cause this Register to be duly corrected on every change of Proprietorship being intimated to him, and on every alteration of assessment made by the Committee. This Register to be considered the authentic Register of Proprietors entitled to vote in person or by proxy, and the assessment entered in this Register to be the assessment to be collected.

XIII. A duplicate Register to be kept by the Secretary to the Committee at Mussoorie, and no-

tices of change to be made to the Secretary at Mussoorie. A fee of one rupee to be charged on Registry, and a further fee of one rupee for a copy or certificate of Registry.

XIV. The Committee to be empowered to levy a fine not exceeding 20 rupees on any person or persons, proved to them, as having bathed, or committed nuisance in or near any streams from which water is drawn for the community, or having destroyed, or in any way injured, any road, under their charge, by the throwing down stones, or rubbish, or in any other manner. The fine to be recovered as in Bye-Law IX.

XV. In cases where it is required to throw rubbish in the road, for temporary purposes, such as clearing sites for building upon, permission to be obtained from the Committee, whose duty it will be, in granting such permission, to take care that the party is bound down to repair any injury that the road may sustain, and also to prevent the public being inconvenienced.

XVI. Should the funds at any time, at the disposal of the Committee, admit of the outlay, the Committee are authorized to cut roads to all the frequented springs, and to have tanks and reservoirs dug at different parts of the settlement, where water is most required.

XVII. No sums of money to be paid out, or expended by the Treasurer, without the sanction of the Committee.

XVIII. All fines levied by the Committee, in consequence of the infringement of any of the above Bye-Laws, to be made over to the Committee for the repairs of the roads.

Newly Discovered Bank about Mid Channel of the Western Entrance into the North Preparis Channel.

THE Superintendent of Marine, with the sanction of Government, gives Notice, that about 2 A.M., on the morning of the 28th August last, Her Majesty's Ship *Thalia*, Capt. Charles Hope, suddenly shoaled her water from 33 to 15 and 12 fathoms, in Latitude 15° 35' N. Longitude 93° 43' E., corrected for Current, Alguada Reef bearing E. by N. 30 miles, and Preparis Island North Point S½ W. 38½ miles—Captain Hope states, that he had very good sights for the Chronometers and good Meridian Altitudes on the 27th and 28th August, and therefore the position may be relied upon—Captain Hope was unable to further examine the Bank, and His Honor the Deputy Governor of Bengal has been pleased to direct, that the Hon'ble Company's Steamers proceeding to, and from the Eastward, shall have directions to endeavour to get Soundings on it, and on doing so to examine it thoroughly in order, that its extent may be as accurately known as possible, as it appears to be placed in a good situation for enabling Ships which may get Soundings on it to know when bound to the Westward, that they are through the Channel, and those bound to the Eastward to proceed on with a knowledge of their exact position.

NOTICE.

Newly Discovered Bank about Mid Channel of the Western Entrance into the North Preparis Channel.

THE Superintendent of Marine, with the sanction of Government, gives Notice, that about 2 A.M., on the morning of the 28th August last, Her Majesty's Ship *Thalia*, Capt. Charles Hope, suddenly shoaled her water from 33 to 15 and 12 fathoms, in Latitude 15° 35' N. Longitude 93° 43' E., corrected for Current, Alguada Reef bearing E. by N. 30 miles, and Preparis Island North Point S½ W. 38½ miles—Captain Hope states, that he had very good sights for the Chronometres and good Meridian Altitudes on the 27th and 28th August, and therefore the position may be relied upon—Captain Hope was unable to further examine the Bank, and His Honor the Deputy Governor of Bengal has been pleased to direct, that the Hon'ble Company's Steamers proceeding to, and from the Eastward, shall have directions to endeavour to get Soundings on it, and on doing so to examine it thoroughly in order, that its extent may be as accurately known as possible, as it appears to be placed in a good situation for enabling Ships which may get Soundings on it to know when bound to the Westward, that they are through the Channel, and those bound to the Eastward to proceed on with a knowledge of their exact position.

NOTICE.

Newly Discovered Bank about Mid Channel of the Western Entrance into the North Preparis Channel.

THE Superintendent of Marine, with the sanction of Government, gives Notice, that about 2 A. M., on the morning of the 28th August last, Her Majesty's Ship *Thulia*, Capt. Charles Hope, suddenly shoaled her water from 33 to 15 and 12 fathoms, in Latitude 15° 35' N. Longitude 93° 43' E., corrected for Current, Alguada Reef bearing E. by N. 30 miles, and Preparis Island North Point S. by W. 38½ miles—Captain Hope states, that he had very good sights for the Chronometers and good Meridian Altitudes on the 27th and 28th August, and therefore the position may be relied upon—Captain Hope was unable to further examine the Bank, and His Honor the Deputy Governor of Bengal has been pleased to direct, that the Hon'ble Company's Steamers proceeding to, and from the Eastward, shall have directions to endeavour to get Soundings on it, and on doing so to examine it thoroughly in order, that its extent may be as accurately known as possible, as it appears to be placed in a good situation for enabling Ships which may get Soundings on it to know when bound to the Westward, that they are through the Channel, and those bound to the Eastward to proceed on with a knowledge of their exact position.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked via "Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c. for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

Newly Discovered Bank about Mid Channel of the Western Entrance into the North Prepara Channel.

THE Superintendent of Marine, with the sanction of Government, gives Notice, that about 2 A. M., on the morning of the 28th August last, Her Majesty's Ship *Thalia*, Capt. Charles Hope, suddenly shoaled her water from 33 to 15 and 12 fathoms, in Latitude 15° 35' N. Longitude 93° 43' E., corrected for Current, Alguada Reef bearing E. by N. 30 miles, and Prepara Island North Point S½ W. 38½ miles—Captain Hope states,

that he had very good sights for the Chronometers and good Meridian Altitudes on the 27th and 28th August, and therefore the position may be relied upon—Captain Hope was unable to further examine the Bank, and His Honor the Deputy Governor of Bengal has been pleased to direct, that the Hon'ble Company's Steamers proceeding to, and from the Eastward, shall have directions to endeavour to get Soundings on it, and on doing so to examine it thoroughly in order, that its extent may be as accurately known as possible, as it appears to be placed in a good situation for enabling Ships which may get Soundings on it to know when bound to the Westward, that they are through the Channel, and those bound to the Eastward to proceed on with a knowledge of their exact position.

FORT WILLIAM, 3d November, 1843.

No. 239 of 1843.—The following paras. of a Military Letter from the Hon'ble the Court of Directors, to the Governor General of India in Council, No. 10, of the 5th July 1843, and annexment, relative to the collection and distribution of the Effects of Officers and Soldiers in Her Majesty's Service, or in the Service of the East India Company, dying in the East India, are published for the information of the Army ; and the Governor General in Council is pleased to direct, that the opinion therein communicated, of the Law Officers of the Crown and the Company, upon the Statute of the 6th Geo. 4th Cap 61, and also upon the Act of 3d and 4th Vict Cap. 37, Sec. 52, be at once given effect to, and acted upon at all the Presidencies :

" Para. 1. We have lately received through the Board of Commissioners for Indian Affairs :

representation from Her Majesty's Secretary at War, complaining of the obstruction which still exists in India to the collection by Regimental Officers of the Effects which may be left by Soldiers dying in that Country.

"2. In our Military Letter to Madras, dated 29th July 1842, No. 44, (copy of which was forwarded to your Presidency,) we observed that by the Act of the 6th Geo. 4th Cap. 61, Sect. 1, it is rendered lawful for all Officers or persons who may be employed or required by or under the Authority of any Articles of War in force to take care of or collect the Effects of Officers and Soldiers dying on Service out of the United Kingdom, without taking out any Letters of Administration in like manner as if such Officers had been appointed Executors or had taken out Administration, and by the Article of War founded upon it, vizt. Sec. 129, the Officers who are required to collect the Effects of Soldiers deceased are authorized to collect all these Effects without any limitation being specified as to the place where they may be deposited, and are required after payment of Regimental Debts and Quarters to pay the balance, if any, to the Regimental Pay Master, such balance to be by him paid to the heir or legal representative, if present at Head Quarters, or if not, to be remitted to the Regimental Agent for payment to the legal representatives under the direction of the Secretary at War.

"With this explanation, no difficulty can occur hereafter in the payment by any of our Officers to the party authorized by the Act and Articles of War, as above specified, to collect the same, of any sum or sums, or securities, which may be in their hands, or under their control, belonging to the Estates of Soldiers deceased. The responsibility of requiring Probate or Administration to the Estate to be taken out by the persons to whom the surplus is to be paid, resting, altogether, as it appears to us, with the party authorized by the Act and Articles of War to collect the property.

"3. Notwithstanding these directions, objections have been made at all the Presidencies to paying over certain portions of the Estates of Soldiers to the Regimental Officers entitled to collect them, founded in some instances upon legal opinions obtained in India of the inadequacy of the above Act to authorize such payment. In consequence of recent representations on this subject, received from Madras and Bombay, We have lately obtained the opinion of H. M.'s Advocate, of the Attorney and Solicitor General, and of the Company's Standing Counsel, upon the interpretation to be put upon the above Statute of the 6th Geo 4 Cap. 61 and also upon the Act of 3rd and 4th Victoria Cap. 37 Sec. 52. The opinion of these learned persons determines that Officers entitled to collect Soldiers' Effects are authorized by these Acts to take possession of all the personal property of every description of deceased Soldiers, without reference to its amount or value, or to its being invested in Notes or other Securities, or to its being in Camp or Quarters elsewhere."

"DRAPER'S HALL,

23d May, 1843.

J. C. MELVILL, Esq.,

SIR,

In obedience to the directions of the Hon'ble the chairman and Deputy Chairman which I received through you on the 22d ultimo, transmitting a copy of Mr. Baring's letter

of the preceding day which forwarded the copy of a letter from H. M.'s Secretary at War, dated the 11th ultimo, with its enclosures, from the Marquis of Tweeddale relative to the difficulties which are still alleged to exist in the collection of the Effects of H. M. Officers and Soldiers dying in India, I lost no time in laying the necessary case before Her Majesty's Advocate, the Attorney and Solicitor General and the Company's Standing Counsel for their opinion, as well upon the points directly raised in the papers transmitted from the War Office as upon those of the same class which appeared to arise out of the various communications received last month from Madras and Bombay in reference to the construction to be put on the Mutiny Acts and Articles of War as to the Administration of the Effects of Officers and Soldiers both in Her Majesty's and the Company's Service dying in India.

The questions which thus arose appeared to be the following, viz.,

1st. Whether the Officers respectively appointed under the 128th and 129th Articles of War for Her Majesty's Forces and under 110th and 111th Articles of War for the East India Company's Forces to collect the Effects of the Officers and Soldiers therein respectively described are respectively entitled to demand and (without taking out Letters of Administration) to receive and take possession of all the personal property of every description of such deceased Officer or Soldier without reference to its amount or value, or to its being in Camp or Quarters or elsewhere, and whether in this latter respect there is any difference between the case of a deceased Officer and that of a deceased Soldier.

2d. Whether in the event of part of such property of a deceased Officer or Soldier consisting of a Promissory Note or other transferrable Security of the East India Company, or of one of their Governments expressed to be payable to the deceased being at the time of his death in the hands of the Government Agents for his use, such Government Agent can lawfully and safely deliver over and are bound upon demand to deliver over such Promissory Note to the Officer so appointed under the Articles of War, and whether the amount of such Note or other Security makes any difference in the case.

3d. Whether such Officer can by indorsement or otherwise as effectually transfer or give a discharge for the amount secured by such Note, as if he had been appointed Executor or had duly obtained Letters of Administration of the Effects of the Payee or last Indorsee of the Note. And whether in the event of the East India Company paying the amount of the Note to such Officer when so endorsed, they are in any way responsible for the due appropriation or distribution by the latter of the amount which they shall have so paid.

4th. Whether the Officer so collecting the Effects of a deceased Officer or Soldier under the respective Articles of War referred to, or whether the Military Secretary, or any other Officer at either of the Presidencies in the East Indies is authorized under any circumstances to require the Registrar of the Supreme Court of such Presidency to take out Letters of Administration there in respect of the surplus which may remain in the hands of the collecting Officer, and whether such Registrar is in any case lawfully entitled to take out Letters of Administration in respect of such surplus.

In reply to these questions the Law Officers of the Crown and the Company have given the following opinion.

1st. We think there is a difference between the case of a deceased Commissioned Officer and the case of a deceased Non-Commissioned Officer or Private Soldier.

With respect to a deceased Commissioned Officer there appears to be no substantial question, since the Articles of War applicable to the case of Commissioned Officers only authorize the collection of *Effects* in *Camp or Quarters*.

With respect to the case of a Non-Commissioned Officer or private Soldier, we are of opinion that both in the case of Her Majesty's Forces and in the case of the East India Company's Forces, the Officers appointed to collect the *Effects* of the deceased Soldier are entitled to demand, and without taking out Letters of Administration to receive and take possession of all the personal property of every description of such deceased Officer or Soldier without reference to its amount or value, or to its being in *Camp or Quarters* or elsewhere. We consider that the Officers who by the 129th Article of War for Her Majesty's Forces and by the 111th Article of War for the Company's Forces, are directed to act in the matter come within the first Section of the Statute 6th Geo. 4th C. 61, and are clearly enabled by that Statute to ask, demand and receive any of the deceased's "*Effects*," an expression which we think reaches and includes any of his personal Estate.

2d. Our opinion on the first question supersedes this question as respects the case of an Officer.

In the case of a Soldier not being a Commissioned Officer, we are of opinion that the Government Agents may lawfully and safely deliver over, and are bound upon demand to deliver over a Promissory Note of the kind described to the Officer appointed under the Articles of War, and that the amount of the Note or other Security makes no difference in the case. This answer however should be qualified by noticing that, if there were a legal personal representative demanding the Note, we think the Government Agents would be warranted in delivering the Promissory Note to such legal personal Representative in preference to the Officer.

3d. We are of opinion that the Officer may by indorsement or otherwise as effectually give a discharge for the amount secured by the Note as if he had been appointed Executor or had duly obtained Letters of Administration of the *Effects* of the Payee or last Indorsee of the Note. We are also of opinion that the East India Company paying the amount of the Note to the Officer, when indorsed, are not responsible for the due application by the latter of the amount which they shall have so paid.

We do not understand that under this third question any opinion is required from us as to the right to indorse the Note for the purpose of negotiation generally as distinguished from an indorsement for the purpose of obtaining payment of it. It would not however appear to us that there would be any difference between the two cases.

4th. Upon this point, (viz. the interference of the Registrar,) there appears to be a difference between the case of an Officer or Soldier in the

Service of Her Majesty and Officer or Soldier in the Company's Service.

With respect to the case of an Officer or Soldier in the Service of Her Majesty, we are of opinion that the Officer acting in respect of the deceased's *Effects* may require the Registrar to take out Letters of Administration in respect of the Surplus in question, and that upon such requisition, and not otherwise, the Registrar is lawfully entitled to take out such Letters of Administration. This is the effect of the Act 6th, Geo. 4th, C. 61, Sec 1.

With regard to the case of an Officer or Soldier in the Company's Service, we are of opinion that under the Statute 3d and 4th Vict. C. 37, Sec. 52, the Registrar cannot in any case be required, and is not in any case entitled to take out Letters of Administration in respect of the Surplus in question. He may however, if required and authorized so to do, but not otherwise, take out Administration and interpose in respect of the Estate before it is collected.

If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 18,352 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale, at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention. "With regard to the Trade in Opium it is agreed between the High Contracting Parties that at each of the periodical Sales of that Article there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government, by the Agents of His Most Christian Majesty, within the usual period of delivery, the quantity so applied for, shall nevertheless be considered as so much in reduction of the three hundred Chests herein before mentioned, the requisitions for Opium, as aforesaid, are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette."

By Order of the Board of Customs, Salt and Opium.

"NOTICE."

**MARINE BOARD OFFICE,
Madras, 9th October, 1843.**

Notice is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea, and

may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description" and the duration of the Light to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0" to 48", and that of the Eclipses from 0" to 72", the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. $\frac{1}{2}$ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 50° W., and from the Southward N. 81° W., or from S. W. b. W. to W. $\frac{1}{4}$ N.

The New Light House

At Madras is in Latitude 13° 5' 10" North,

And in.....Longitude 80° 20' East of Greenwich.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 28th October 1843, is hereby promulgated for general information.

ACT No. XIX. OF 1843.

An Act for amending the Law respecting the Registration of certain Deeds.

Whereas doubts have arisen as to the true meaning and construction of Act No. I of 1843:

I. It is hereby enacted, that the said Act is repealed, except in so far as it repeals all provisions contained in any Regulation or Regulations of the Bengal, Madras, or Bombay Codes, touching the knowledge or notice had by parties to registered conveyances and other instruments affecting titles to land and other interests therein, of the existence of unregistered conveyances or other instruments affecting such titles or other interests therein.

II. And it is hereby enacted, that from the First day of May last past, every deed of sale or gift of lands, houses or other real property, a memorial of which has been or shall be duly registered according to law, shall, provided its authenticity be established to the satisfaction of the Court, invalidate any other deed of sale or gift for the same property which may not have been registered, and whether such second or other deed shall have been executed prior or subsequent to the registered deed—and that from the said day every deed of mortgage on land, houses and other real property as well as certificates of the discharge of such incumbrances, a memorial of which has been or shall be duly registered according to law, and provided its authenticity be established to the satisfaction of the Court, shall be satisfied in preference to any other mortgage on the same property which may not have been registered, and whether such second or other mortgage shall have been executed prior or subsequent to the registered mortgage, any knowledge or notice of any such unregistered deed or certificate alleged to be had by any party to such registered deed or certificate notwithstanding. Provided always that nothing in this Section contained shall be construed to extend to any deed or certificate made before the said First day of May last past.

III. THE 28TH OCTOBER, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 28th October 1843:

Whereas it has been represented that the demands of the Island of Mauritius for Agricultural labor will by the end of this year be greatly diminished, and it is desirable that effectual measures should be adopted for providing a larger proportion of Female Emigrants to that Island than has been procured under the present system of Emigration, it is therefore enacted, that from and after the 1st day of January next ensuing, Emigration to Mauritius shall only lawfully take place under the provisions of the Act No. 15 of 1842, from the Port of Calcutta, and that no Emigrant shall be permitted to embark for Mauritius without a certificate from an Agent specially appointed by the Government of Mauritius to the effect that such person has been engaged by him as an Emigrant to that Island on the part of the said Government.

An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

	Behar about Chests.	Benares about Chests.	Total about Chests.
On or about February 12th	1,500	700	2,200
On or about April 10th, ...	3,600	1,300	4,900
On or about May 20th,	1,500	700	2,200
On or about June 24th	2,544	1,106	3,650

18th.—It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France dated the 7th March 1815, quoted below, the Agents in India of His Majesty the King of the French, or Persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale, at the five Sales in the months of January, February, April, May and June, there shall be delivered to them at the average of the particular Sale or Sales, to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 800 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this Advertisement specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 18,352 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale, at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Deputy Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

ARTICLE 6th.—“With regard to the Trade in Opium it is agreed between the High Contracting Parties that at each of the periodical Sales of that Article there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government, by the Agents of His Most Christian Majesty, within the usual period of delivery, the quantity so applied for, shall nevertheless be considered as so much in reduction of the three hundred Chests herein before mentioned, the requisitions for Opium, as aforesaid, are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette.”

THE 11TH NOVEMBER, 1843.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 11th November 1843, is hereby promulgated for general information:

ACT No. XXI. OF 1843.

An Act for regulating the Emigration of Labourers from India to Mauritius.

I. Whereas it has been represented that the demands of the Island of Mauritius for Agricultural labor will by the end of this year be greatly diminished, and it is desirable that effectual measures should be adopted for providing a larger proportion of Female Emigrants to that Island than has been procured under the present system of Emigration, it is therefore enacted, that from and after the 1st day of January next ensuing, Emigration to Mauritius shall only lawfully take place under the provisions of the Act No. 15 of 1842 from the Port of Calcutta.

II. And it is hereby enacted, that it shall be competent to the Governor General in Council to nominate a proper person to act as Protector of Emigrants at Calcutta, and that no Emigrant shall be permitted to embark without a Certificate from the Agent appointed by the Government of Mauritius, countersigned by the Protector, to the effect that such person has been engaged by him as an Emigrant to that Island on the part of the said Government.

The following Notice by the Marine Board at Madras is published for general information.

By order of the Governor General in Council,
T. R. DAVIDSON,
Offg. Secy to the Govt. of India.

"NOTICE."

MARINE BOARD OFFICE,
Madras, 9th October, 1843.

Notice is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea, and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description" and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is

Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0" to 48", and that of the Eclipses from 0" to 72", the sum of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light, to bear to the Southward of S. 28° W., or S. S. W. $\frac{1}{2}$ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings, therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W., or from S. W. b. W. to W. $\frac{3}{4}$ N.

The New Light House
At Madras is in Latitude 13° 5' 10" North,
And in.....Longitude 80° 20' East of Greenwich.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 11th November 1843, is hereby promulgated for general information :

Act No. XXI. of 1843.

An Act for regulating the Emigration of Labourers from India to Mauritius.

I. Whereas it has been represented that the demand for the Island of Mauritius for Agricultural labour will by the end of this year be greatly

diminished, and it is desirable that effectual measures should be adopted for providing a larger proportion of Female Emigrants to that Island than has been procured under the present system of Emigration, it is therefore enacted, that from and after the 1st day of January next ensuing, Emigration to Mauritius shall only lawfully take place under the provisions of the Act No. 15 of 1842 from the Port of Calcutta.

II. And it is hereby enacted, that it shall be competent to the Governor General in Council to nominate a proper person to act as Protector of Emigrants at Calcutta, and that no Emigrant shall be permitted to embark without a Certificate from the Agent appointed by the Government of Mauritius, countersigned by the Protector, to the effect that such person has been engaged by him as an Emigrant to that Island on the part of the said Government.

"NOTICE."

MARINE BOARD OFFICE,
Madras, 9th October, 1843.

Notice is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flash- ing Description" and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0" to 45".

and that of the Eclipses from 0" to 72", the sum of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S, 28° W., or S. S. W. $\frac{1}{4}$ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W., or from S. W. b. W. to W. $\frac{1}{4}$ N.

The New Light House

At Madras is in Latitude 13° 5' 10" North,

And in.....Longitude 80° 20' East of Greenwich.

Whereas it has been considered necessary to adopt more stringent measures for the conviction of professional Dacoits, who belong to certain Tribes, systematically employed in carrying on their lawless pursuits in different parts of the country, and for this purpose to extend the Provisions of Acts XXX. of 1836, XVIII. of 1837, and XVIII. of 1839, for the prevention of Thuggee, to persons concerned in the perpetration of Dacoity :

I. It is hereby enacted, that whosoever shall be proved to have belonged either before or after the passing of this Act to any gang of Dacoits, either within or without the Territories of the East India Company, shall be punished with transportation for life, or with imprisonment for any less term with hard labor.

II. And it is hereby enacted, that any person accused of the offence of Dacoity with or without murder, or of having belonged to a gang of Dacoits, or of the offence of unlawfully and knowingly receiving or buying property stolen or plundered by Dacoity, may be committed by any Magistrate within the Territories of the East India Company, and may be tried by any Court which would have been competent to try him if his offence had been committed within the Zillah where that Court sits.

III. And it is hereby enacted, that no Court shall, on trial of the offences specified in this Act require any Futwa from any Law Officer.

ACT No. XXV. of 1843.

An Act for making the Provisions of 5 and 6 Vic. C. 47, Sec. XI. applicable to India.

Whereas doubts have arisen as to whether so much of an Act passed in the 5th and 6th year of the reign of Her Majesty Queen Victoria, entitled "an Act to amend the Laws relating to the Customs," as provides "that from and after the 5th day of January 1843, any Articles of Foreign Manufacture, and any packages of such Articles imported into the United Kingdom or into the British possessions abroad bearing any names, brands or marks purporting to be the names, brands or marks of Manufacturers resident in the United Kingdom, shall be forfeited," is applicable to the Territories subject to the Government of the East India Company :

It is hereby enacted, that from and after the first day of May 1844, any Articles of Foreign manufacture and any packages of such Articles imported into the Territories subject to the Government of the said Company bearing any names, brands or marks, purporting to be the names, brands or marks of Manufacturers resident in the United Kingdom, shall be forfeited.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,

THE 23D NOVEMBER, 1843.

The following Draft of a proposed Act was read in Council for the first time on the 23d November 1843.

• ACT No. — of 1843.

An Act for improving the Law of Evidence.

I. Whereas the enquiry after truth in Her Majesty's Courts of Justice is often obstructed by incapacities created by the present Law, and it is desirable, that full information as to the facts in issue, both in Criminal and in Civil Cases, should be laid before the persons who are appointed to decide upon them, and that such persons should exercise their judgment on the credit of the witnesses adduced, and on the truth of their testimony :

It is hereby enacted, that within the local jurisdiction of Her Majesty's Courts, no person

offered as a witness shall hereafter be excluded by reason of incapacity from crime or interest from giving evidence, either in person or by deposition, according to the practice of the Court on the trial of any issue joined, or of any matter or question, or on any enquiry arising in any suit, action or proceeding, Civil or Criminal, in any of Her Majesty's Courts, or before any Judge, Jury, Sheriff, Coroner, Magistrate, Officer or person having by Law or by consent of parties, authority within the jurisdiction of Her Majesty's Courts to hear, receive and examine evidence, but that every person so offered may and shall be admitted to give evidence on oath or solemn affirmation, in those cases wherein affirmation is by Law receivable, notwithstanding that such person may or shall have an interest in the matter in question, or in the event of the trial of any issue, matter, question or enquiry, or of the suit, action, or proceeding in which he is offered as a witness, and notwithstanding that such person offered as a witness may have been previously convicted of any crime or offence: Provided, that this Act shall not render competent any party to any suit, action, or proceeding individually named in the record, or any lessor of the plaintiff or tenant of premises sought to be recovered in ejectment, or the Landlord or other person in whose right any defendant in replevin may make cognizance, or any person in whose immediate and individual behalf any action may be brought or defended, either wholly or in part, or the husband or wife of such persons respectively; Provided also, that this Act shall not repeat any provision in the Act of the Government of India XXV. of 1833. Provided, that in any of Her Majesty's Courts sitting in Equity, any defendant to any cause pending in any such Court so sitting, may be examined as a witness on the behalf of the plaintiff, or of any co-defendant in any such cause, saving just exceptions; and that any interest which such defendant so to be examined may have in the matter or any of the matters in question in the cause, shall not be deemed a just exception to the testimony of such defendant, but shall only be considered as affecting or tending to affect the credit of such defendant as a witness.

II. And it is hereby enacted, that nothing in this Act shall apply to, or affect any suit, action, or proceeding, brought or commenced before the passing of this Act.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 23d February 1844.

FORT WILLIAM, CIVIL AUDITOR'S OFFICE, THE 23D NOVEMBER, 1843. NOTICE.

PARTIES availing themselves of leave of absence granted under the Rules in force, are required, when submitting separate Pay Bills for audit, as is occasionally done, to forward all their Certificates, stating distinctly the dates of quitting and resuming their respective Offices, or if their Pay and Allowances are incorporated in the General Abstracts of the Office, the Officer in

charge will be careful to do so. At present, for want of a rule of practice on this head, the Civil Auditor is too frequently left to gather the facts incidentally, and much delay and tedious references are thereby entailed before the Bills can be properly checked.

W. H. BELLI,
Offy. Civil Auditor.

IMMIGRATION.

His Excellency the Governor directs the following Draft of an Ordinance for reducing the bounty on male Immigrants who may leave India after the end of the present year, to be published for general information.

Observations thereon may be addressed to the Secretary to the Council until Saturday, the 11th November next.

Colonial Secretary's Office, 27th October 1843.
GEO. F. DICK,
Colonial Secretary.

DRAFT OF ORDINANCE.

WHEREAS the Immigration of Indian laborers has now reached a stage at which it appears expedient provisionally to modify, in some respects, the amount of the premium granted for the passage of the said laborers from India to this colony, and thereby to prevent the excess of such Immigration and the prejudicial consequences that would ensue therefrom, until, in concurrence with the Government of India, measures shall have been adopted for establishing a constant and regular system of Immigration, commensurate with the future wants of the colony and the interests of the Immigrants,

His Excellency the Governor in Council has ordered and does hereby order :

Art. 1.—The premium of Seven Pounds Sterling allowed by Ordinance No. 3, of the present year for the passage of each Indian laborer legally conveyed to this colony is and shall be reduced to Four Pounds Sterling for each Indian laborer, (women excepted) who after the 31st December of the present year, shall have quitted the territory of India for Mauritius, and with the exception moreover of all adult male Indian laborers who, after the above mentioned date, may come to this colony in virtue of a special authority from the Governor thereof.

NOTICE.

PARTIES availing themselves of leave of absence granted under the Rules in force, are required, when submitting separate Pay Bills for audit, as is occasionally done, to forward all their Certificates, stating distinctly the dates of quitting and resuming their respective Offices, or if their Pay and Allowances are incorporated in the General Abstracts of the Office, the Officer in charge will be careful to do so. At present, for want of a rule of practice on this head, the Civil Auditor is too frequently left to gather the facts

incidentally, and much delay and tedious references are thereby entailed before the Bills can be properly checked.

GEO. F. DICK,

Colonial Secretary.

DRAFT OF ORDINANCE.

WHEREAS the Immigration of Indian laborers has now reached a stage at which it appears expedient provisionally to modify, in some respects, the amount of the premium granted for the passage of the said laborers from India to this colony, and thereby to prevent the excess of such Immigration and the prejudicial consequences that would ensue therefrom, until, in concurrence with the Government of India, measures shall have been adopted for establishing a constant and regular system of Immigration, commensurate with the future wants of the colony and the interests of the Immigrants,

His Excellency the Governor in Council has ordered and does hereby order :

Art. 1.—The premium of Seven Pounds Sterling allowed by Ordinance No. 3, of the present year for the passage of each Indian laborer legally conveyed to this colony is and shall be reduced to Four Pounds Sterling for each Indian laborer, (women excepted) who after the 31st December of the present year, shall have quitted the territory of India for Mauritius, and with the exception moreover of all adult male Indian laborers who, after the above mentioned date, may come to this colony in virtue of a special authority from the Governor, thereof.

NOTICE.

The following Notice touching the exhibition of a Light from the New Light House at Madras, is published for general information.

By order of the Superintendent of Marine,

C. B. GREENLAW,

Secretary.

Fort William, the 28th Novr. 1843.

"NOTICE."

MARINE BOARD OFFICE,

Madras, 9th October, 1843

NOTICE is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the New Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort St. George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea,—and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the Spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0" to 48", and that of the Eclipses from 1" to 72", the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. $\frac{1}{2}$ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the

Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W. or from S. W. b. W. to W. $\frac{1}{4}$ N.

The New Light House

At Madras is in Latitude 13° 5' 10" North,

And in.....Longitude 80° 20' East of Greenwich.

ARTICLE 6th.—“With regard to the Trade in Opium it is agreed between the High Contracting Parties that at each of the periodical Sales of that Article there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests as applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government, by the Agents of His Most Christian Majesty, within the usual period of delivery, the quantity so applied for, shall nevertheless be considered as so much in reduction of the three hundred Chests herein before mentioned, the requisition for Opium, as aforesaid, are to be addressed to the Governor General at Calcutta, within thirty days after the date of the intended Sales shall have been published in the Government Gazette.”

The following Draft of a proposed Act was read in Council for the first time on the 23d November 1843.

ACT No. — OF 1843.

An Act for improving the Law of Evidence.

I. Whereas the enquiry after truth in Her Majesty's Courts of Justice is often obstructed by incapacities created by the present Law, and it is desirable, that full information as to the facts in issue, both in Criminal and in Civil Cases, should be laid before the persons who are appointed to decide upon them, and that such persons should exercise their judgment on the credit of the witnesses adduced, and on the truth of their testimony:

It is hereby enacted, that within the local jurisdiction of Her Majesty's Courts, no person

offered as a witness shall hereafter be excluded by reason of incapacity from crime or interest from giving evidence, either in person or by deposition, according to the practice of the Court on the trial of any issue joined, or of any matter or question, or on any enquiry arising in any suit, action or proceeding, Civil or Criminal, in any of Her Majesty's Courts, or before any Judge, Jury, Sheriff, Coroner, Magistrate, Officer or person having by Law or by consent of parties, authority within the jurisdiction of Her Majesty's Courts to hear, receive and examine evidence, but that every person so offered may and shall be admitted to give evidence on oath or solemn affirmation, in those cases wherein affirmation is by Law receivable, notwithstanding that such person may or shall have an interest in the matter in question, or in the event of the trial of any issue, matter, question or enquiry, or of the suit, action, or proceeding in which he is offered as a witness, and notwithstanding that such person offered as a witness may have been previously convicted of any crime or offence: Provided, that this Act shall not render competent any party to any suit, action, or proceeding individually named in the record, or any lessor of the plaintiff or tenant of premises sought to be recovered in ejectment, or the Landlord or other person in whose right any defendant in replevin may make cognizance, or any person in whose immediate and individual behalf any action may be brought or defended, either wholly or in part, or the husband or wife of such persons respectively; Provided also, that this Act shall not repeal any provision in the Act of the Government of India XXV. of 1838. Provided, that in any of Her Majesty's Courts sitting in Equity, any defendant to any cause pending in any such Court so sitting, may be examined as a witness on the behalf of the plaintiff, or of any co-defendant in any such cause, saving just exceptions; and that any interest which such defendant so to be examined may have in the matter or any of the matters in question in the cause, shall not be deemed a just exception to the testimony of such defendant, but shall only be considered as affecting or tending to affect the credit of such defendant as a witness.

II. And it is hereby enacted, that nothing in this Act shall apply to, or affect any suit, action, or proceeding, brought or commenced before the passing of this Act.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 23d February 1844.
